Subject: Week 4 Tox Memos (Exceedances) - Dimock

For your records... There were no changes to the attached memos - so they should be considered final.

Subject: Week 4 Draft Tox Memos (Exceedances) - Dimock

Hi, Kelley. Attached are the draft tox evaluations for HW3 and HW57. These homes had slight exceedances in unfiltered wellhead samples, but nothing significant and nothing at the tap. This (Week 4) was an easy data set to evaluate. Looking forward to the Week 5 results. :)

Any questions, please let me know. Thanks.
